CONTAX/YASHICA

SALES PROMOTION PROGRAM June 26, 1987—December 25, 1987

1. SPECIAL TERMS OF PAYMENT:

All orders of \$1,000.00 or more, placed or postmarked between June 26, 1987 and December 25, 1987 for shipment before June 25, 1987 will have the following terms:

*5% 10 EOM plus 30 days or Net 10 EOM Plus 60 days.

| Shipment on or before: | Payment due and anticipation | | | | | | |
|------------------------------|------------------------------|----------|---------|---------|---------|---------|-----------------|
| | Aug. 10 | Sept. 10 | Oct. 10 | Nov. 10 | Dec. 10 | Jan. 10 | Feb. 10 Mar. 10 |
| July 25th | | 5% | NET | | | | |
| Aug. 25th | | | 5% | NET | | | |
| Sept. 25th | | | | 5% | NET | | |
| Oct. 25th | | | | | 5% | NET | |
| Nov. 25th | | | | | | 5% | NET |
| Dec. 25th | | | | | | | 5% NET |

**The dealer has an option to decide which payment terms to be applied; however, the choice must be made at the time the order is placed. YASHICA shall have the right to charge the dealer at the rate of the U.S. Prime Lending Rate plus 1%, per annum, as of the date of such a charge, as interest for delayed payment.*

2. DEALER INVENTORY PROTECTION PLAN:

If YASHICA lowers the price of any product by \$5.00 or more, from this price list, a credit will be issued to cover those products in your inventory that you purchased within sixty days prior to the price change. However, please note that this price protection is based on regular dealer prices *only*, and is not affected whatsoever by closeouts, specials, bonus and package prices.

CONTAX/YASHICA DEALER PRICE LIST #22 • Effective June 26, 1987—December 25, 1987

YASHICA 230-AF

The Yashica 230-AF, a superior product incorporating today's most advanced technologies, represents the ultimate in autofocus SLR cameras. And its innovative features are the reason why. Three different AF modes plus manual focus. A unique integrated AF autofocus. Automatic metering-mode function (center-weighted to spot in backlit conditions). Interchangeability with Contax/Yashica mount using the 1.6x AF (autofocusing) converter. Plus much more, all designed with one theme: great shots are now within your reach.

YASHICA 230-AF Body with AF f/1.8, 50mm Lens

| CODE NO. | PRODUCT | SUGG. LIST | NET |
|----------|------------------------------------|------------|----------|
| 108330 | YASHICA 230-AF Body w/CS-110 Flash | \$550.00 | \$315.00 |

New YASHICA AF Interchangeable Lenses

YASHICA 230-AF Body, AF Converter 1.6x and Yashica ML f/1.4, 50mm Lens

Yashica 1.6x AF converter

For those who already possess Contax or Yashica Interchangeable mount lenses, an optional 1.6x AF converter allows you to use them (provided they have a maximum aperture of f/3.5 or faster) with the Yashica 230-AF as if they were AF lenses. For example, when a 50mm f/1.4 lens is used with this converter, focal length will be extended to 80mm.

CAUTION: The following lenses should never be used under any circumstances because their rear elements will be damaged by contact with the AF Converter.

Distagon T* 15mm F3.5
Distagon T* 18mm F4
Distagon T* 28mm F2
Distagon T* 35mm F1.4

Tessar T* 45mm F2.8
S-Planar T* 60mm F2.8
PC-Distagon T* 35mm F2.8

Note: All prices and specifications are subject to change without notice. For specific description of items; please refer to your Contax/Yashica Dealer Catalog.

Yashica Data Back DA-1

As an alternative to the standard back cover (complete with cartridge window) is the optional Yashica DA-1 data back with digital LCD. Cordless coupling with the body and a built-in quartz clock/calendar provide the data back with information necessary to imprint each frame clearly with year/month/day or hour/minute identification, if required. The calendar is programmed up to the year 2019 (with leap year correction).

**“ML” Means Multi-layer Coating
for Sharp, Clear Results**

The “ML” designation of certain Yashica interchangeable Lenses means that a superb multi-layer, anti-reflection coating has been applied. This coating assures maximum light transmission because harmful internal reflections have been eliminated. Not only that, the resolution, contrast and color rendition of a lens with the “ML” mark are outstanding because there is an almost total absence of flare and ghost images.

Note: All prices and specifications are subject to change without notice. For specific description of items, please refer to your Contax/Yashica Dealer Catalog.

ML Zoom 28-85mm f/3.5-4.5

- Features one-touch focusing and zooming operation along with a macro setting
- The ability to focus down to 1.7 meters results in a reproduction ratio of 1:4

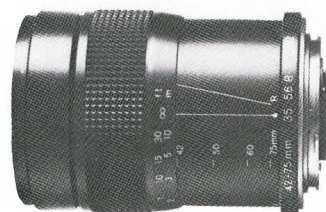

ML Zoom 75-150mm f/4

One touch zoom covers the most sought after medium telephoto focal lengths. The versatility of the lens extends from portraiture to scenic closeups.

ML Zoom 70-210mm f/4.5

One touch zoom covering the medium to long telephoto range with a 3X focal length variation range along with a macro setting with 1:4 magnification.

ML Zoom 42-75mm f/3.5-4.5

- A compact zoom lens that provides a range from just under that of a standard lens to short telephoto
- Great for portraits and other close range work
- Features one-touch focusing and zooming operation

Note: All prices and specifications are subject to change without notice. For specific description of items, please refer to your Contax/Yashica Dealer Catalog.

CONTAX 167MT

Contax 167 MT w/Carl Zeiss MM Planar T* 50mm f/1.4

Photographers have never had it so good when it comes to exposure control. The Contax 167 MT provides all the functions expected from modern electronic cameras, and it includes a world's first: Automatic Bracketing Control. With this feature, three frames can be shot automatically at different exposure values (over-exposed, normal, under-exposed). Either continuously or one at a time. The Contax 167 MT also provides a choice of Center-weighted or Spot Metering. Exposure Compensation and AE lock. All of which can be used in combination. Exposure control ranges from 3-mode programmed exposure to aperture-and shutter-priority. Even manual control. And the 2-motor drive system automatically loads, advances and rewinds the film. Leaving the photographer completely free to concentrate on the job at hand.

CONTAX 159MM

In addition to Normal Program, the Contax 159MM features a High Speed Program for telephoto and live-action photography, maintaining a shutter speed of 1/1000 second over the full range of lens apertures before using longer or shorter speeds. The Low Speed Program keeps aperture at its minimum for extended depth of field by maintaining shutter speed at 1/60 second, before going to faster or slower speeds (from 60 seconds all the way up to 1/4000 second). Other features include Program operation with Contax TLA System flash, two Silicon Photo Diode (SPD) metering systems, AE lock, full Manual mode, Aperture Priority AE mode (60 sec. to 1/4000 sec. shutter speed), and 1/250 sec. flash synch speed.

T* (T Star): This signifies the special multi-coating developed by Carl Zeiss, the pioneer of lens coatings, for this series of lenses.

**Total Excellence In Image Quality
Zeiss T* (T Star) Lenses**

Every Zeiss T* lens provides outstanding color reproduction. Diffused reflections can cause the film to record slight differences in color images from the actual subject through the loss of color reproduction. The T* multi-coating of every Zeiss lens prevents diffused reflection to guarantee superb color rendition and reproduction.

The T* multi-coating totally eliminates flare caused by diffused reflection, for a completely clear image of excellent contrast, either in color or black and white.

Flat highlights are fully transferred to the film, thanks to the T* multi-coating which prevents any decrease in light quality because of exceptionally thin layers. This increases light transmission factors and fully eliminates all ghost images.

Note: All prices and specifications are subject to change without notice. For specific description of items, please refer to your Contax/Yashica Dealer Catalog.

CONTAX/YASHICA

GENERAL INFORMATION, TERMS AND CONDITIONS OF SALE

PRICES: Possession of this price list does not necessarily entitle you to the net prices shown, nor is it an offer to sell. Prices are subject to change without notice, and no adjustment will be made for price changes. These prices do not include Federal, State, City, or other sales taxes.

TERMS OF PAYMENT: 2% 10 EOM. Payment shall become due net on the last day of the month following the date of invoice. A 2% cash discount will be allowed if payment reaches YASHICA on or before the 10th of the month following the date of invoice. Such discount is not applicable to freight and handling charges. No anticipation is allowed.

YASHICA reserves the right to apply open payments and credits to the oldest past-due items.

MINIMUM ORDERS: Orders for less than \$20.00 dealer net billing will be subject to a handling charge of \$3.00.

SHIPPING POLICY:

1. All merchandise is sold F.O.B. point of shipment.
2. YASHICA will prepay normal freight charges on orders totalling at least \$350.00 at dealer net billing for one shipment to one destination via the carrier of YASHICA's choice.
3. If the dealer requests special shipping (i.e., Air Freight) the additional shipping charges will be added to the invoice.
4. Claims of any nature, including damage, pilferage and carton shortage must be made to the carrier, *not* to YASHICA. However, YASHICA will assist the dealer in filing such claims, as long as YASHICA is notified within five (5) working days after receipt of the shipment, and that the shortage or damage is noted on the delivery receipt.
5. Claims for short shipment must be made to YASHICA within five (5) working days, and must be accompanied by a copy of the packing slip.
6. Claims for non-delivery must be made in writing to YASHICA within fourteen (14) working days from the date of invoice.
7. If damage or pilferage should be noticed after taking delivery of a shipment, the dealer is requested to leave the entire shipment intact and *notify the carrier, not YASHICA, at once.*
8. All orders delayed in shipment due to credit holding will be billed at the prices and terms in effect at the time of shipment.
9. Back orders will carry the same terms as the original orders. However, they shall be cancelled at ninety (90) days after the date of original orders unless YASHICA receives a notice of extension.

RETURN GOODS POLICY:

ALL MERCHANDISE IS SOLD WITHOUT RETURN PRIVILEGES.

1. YASHICA policy discourages returns. The return of merchandise must have YASHICA's prior written return authorization. YASHICA reserves the right to accept or refuse return goods.
2. 5% Re-stocking charge will be charged on all returns except for stock merchandise returned for repair or replacement.
3. When YASHICA agrees to accept a return, YASHICA reserves the right to issue return authorization subject to the condition that an equal value of merchandise be purchased to offset the return.
4. Used equipment, dealer demonstration models, soiled or damaged goods and discontinued merchandise (items not shown in this price list) will not be accepted for credit. Such merchandise will be returned to the dealer at his expense or repaired, if the dealer so requests, and then returned.
5. Credit for returned goods is calculated on a NET basis; less all discounts, specials and the 5% re-stocking charge mentioned above. The amount of the credit will be based on the original net purchase price or the current price, whichever is lower.
6. Dealer's defective stock which is returned will be repaired and returned at no cost. Such returns must be made with original accessories and documents.
