Miss Dorris Peeler,
Box #87,
Alliance, Nebr.

Dear Madam:

In reply to your letter of August 21, we would suggest that you communicate with the N. A. Lumiere Co., 11 W. 27th St., New York City who will no doubt be very glad to give you the information desired on the use of their color plates, with which it is possible to make photographs in natural colors.

There is no photographic paper that we know of, showing natural colors in the prints. To obtain this result, it is necessary to use plates made especially for this purpose which are manufactured and sold by the above mentioned firm.

We trust this information will be of value and if we can be of further service at any time, we shall be glad to have you communicate with us again.

Yours very truly,

EASTMAN KODAK COMPANY OF NEW JERSEY
