Small Combination Case for LEICAFLEX

Order No. 14 822

Put a system on your shoulder! The versatility of your LEICA or LEICAFLEX is further enhanced by special LEITZ combination cases which permit easy carrying of the camera with a number of lenses and related accessories. Quality box-leather construction with compartments for individual items afford maximum protection with great ease of operation in the field.

Small Combination Cases

These compact cases fill the need for a small but versatile LEICA or LEICAFLEX outfit when traveling or out for an afternoon's shooting. Without wasted space they carry a LEICA or LEICAFLEX with one lens in place plus two in reserve! And there's ample room for films, filters, and other small accessories.

The LEICA Combination Case accepts:

One LEICA M2 / M3 with LEICAMETER, fitted with a lens of any focal length to 50mm.

Two additional lenses, as desired:

- a) One 90mm lens coupled with a 35- or 50mm lens by means of a coupling ring supplied with case.
- b) One 135mm lens coupled with a 35mm lens.

All lenses with hoods; space for 3 filters (A 36, E 39, E 41), plus 3 films.

The LEICAFLEX Combination Case accepts:

One LEICAFLEX fitted with a 35-, 50-, or 90mm lens.

Additional lenses: 90- or 135mm ELMARIT-R coupled with either a 35mm ELMARIT-R or 50mm SUMMICRON-R.

A space under the LEICAFLEX is provided for ELPRO close-up lenses, or additional filters in cases, and films.
