CABLE: PHOTOKLING

Dear Linhof Owner:

We thank you for sending us your Linhof Registration Card.

Your Linhof Guarantee is effective from the date of purchase. If you have occasion to write to us about your camera, please mention the Serial Number for prompt reference.

By choosing a LINHOF Camera, you have joined the advanced group of discriminating photographers who recognize the unique versatility, outstanding design, and precision workmanship of this world-famous product. The factory behind your camera has been specializing for 70 years in fine camera design and construction!

Under separate cover you will receive, with our good wishes, a copy of GROSSBILD TECHNIK (English Edition), the remarkable magazine published in cooperation with Linhof. We think you will be interested not only in the articles by outstanding American and European photographers, but in the excellent quality of the illustrations as well. Future issues - published quarterly - will contain many articles of particular interest to you as the owner of a Linhof Camera. Single copies sell for \$ 1.00 at your dealer's, or you may have GROSSBILD TECHNIK delivered by mail regularly; the yearly subscription rate (4 issues) is \$ 4.00. You may subscribe through your dealer or, if more convenient, direct through us.

We are also sending you a complete portfolio of Linhof Technique Data Sheets. We hope they will be helpful to you in making full use of the many outstanding advantages at your disposal in your new Linhof camera.

You may rest assured that we, as exclusive U.S. Linhof Distributors, are very much interested in being of service to you at all times, and giving you every possible assistance,

Sincerely yours,

KLING PHOTO CORPORATION
