WESTERN SALES DIVISION

the name quality made famous

1967 catalog

Announcing . . .

We at minolta have added a western sales division to serve our dealers better.

The 1967 "Catalog and reference guide," was created to aid you in selling "the name quality made famous" minolta.

For your added convenience, we have organized this catalog in specific sections. From time to time you will receive revised catalog pages to replace those that have become obsolete.

... Courteous Service

... Qualified Representatives

... Advanced Technological Knowledge

... sums up — minolta — the name quality made famous.

Sincerely **minolta corporation**

Minolta Products

guaranteed for a full year

From cameras to lenses to the smallest accessory, all Minolta equipment is made in our own factories to the world's highest performance standards. As a result, Minolta is able to guarantee, without reservation, that any manufacturing defect will be repaired free of charge for a period of one full year from the date the guarantee is received by Minolta.

backed by factory-authorized service stations

Service stations, staffed with highly qualified, factory-trained technicians, are strategically located to provide rapid, expert service on all Minolta cameras, lenses and accessories.
