

Keystone Capri K-27 Triple Lens Turret 8mm Rollfilm Camera

WITH DIRECT READING EXPOSURE METER (optional)

Also available without light meter. Cover plate conceals cavity.

3-lens camera at a one-lens price! Here's the budget-priced model that takes the interesting, the unusual shots . . . makes "professional" movies almost as easy as snapshots. Quick-shift 3-lens turret offers standard, wide-angle and telephoto shots with a twist of the wrist. Built-in Haze and type "A" filters for using indoor film outdoors.

lens and optical data:

- Equipped with 13mm f1.9 fixed-focus standard lens plus conversion lenses for 9mm wide-angle and 25mm telephoto.
- Built-in type "A" and Haze filters; a flip of a lever snaps the proper filter into place.
- Optical ground glass viewfinder accommodates all lenses at all times.
- Viewfinder and lenses are color-coded. Color band on each lens corresponds to matching color frame in viewfinder, to define precise field of vision for lens in use.

construction features:

- Exceptionally quiet operation due to all-new design with less noise-producing parts than any other camera.
- Lightest weight all aluminum die-cast construction.
- Built-in socket for tripod on flat underside.
- New construction and governor-controlled motor allows for even, friction-free running of film . . . another Keystone exclusive!

styling:

- Beautifully finished in gray vinyl and brushed satin chrome. Smart stay-put wrist strap permanently anchored to back of camera. Need not be removed for tripod use.

operating features:

Quick-shift 3-lens turret snaps lenses into place with a flip of the wrist.

Direct-Reading Exposure Meter locks on top, gives direct readings for ASA 10 and 16 film.

Dial-Set (for use without meter only) gives simple lens setting:

Outdoor: Turn dial until pointer matches estimated lighting condition.

Indoor: (using a 2-light bar) turn dial until correct distance number appears in window.

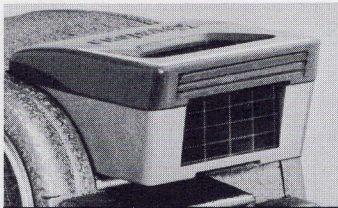

Simple, Easy Loading automatic retractable claw makes possible simple drop-in loading and sure start.

Footage Indicator sets automatically when film is inserted. Signals in event of accidental film jam.

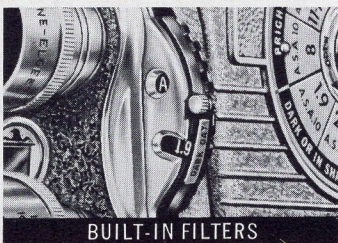

Three-Way Trigger controls regular run, continuous run for self-movies, and single frame shots for titling and trick animation.

Fold-Away crank type handle makes for fastest, easiest winding of motor.

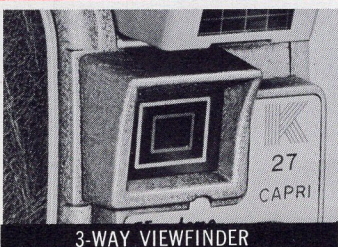

Built-in, simple-to-use exposure guide
