

Keystone K-20 CAPRI ROLLFILM CAMERA

K 20

- Easy to Operate
- Light and Compact
- Good Looking
- Low-Priced
- Registered in your name with a Lifetime Guarantee
- Backed by Keystone's Free Service Policy

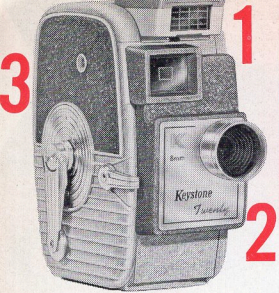

what does it have?

- Fast f2.3 fixed-focus coated and color-corrected lens.
- Easy-Reading Electric Eye Light Meter. (optional)
- Dial-Set Wheel.
- Automatic footage indicator.
- Governor-controlled motor.
- Interchangeable lens mount.
- Three-way trigger.

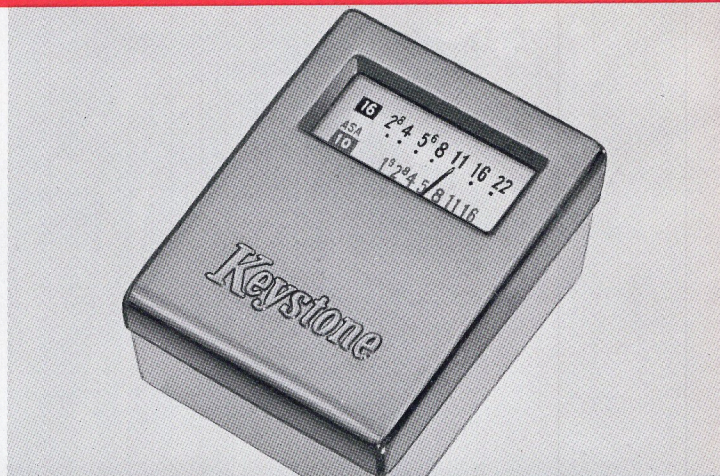

what does it do?

- *Focuses clearly on subjects at any distance over three feet away.*
- *Tells you how to set the lens for perfect exposures in any light — no guessing, no spoiled film.*
- *Helps you set lens for estimated light conditions when you use camera without meter.*
- *Tells you exactly how much film is left in camera.*
- *Operates smoothly, silently, and at constant speed.*
- *Lets you use other lenses as you acquire them.*
- *Lets you run the camera continuously for self-movies, single-frame for trick shots and animation, as well as regular trigger-action.*

Keystone K-20 CAPRI ROLLFILM CAMERA

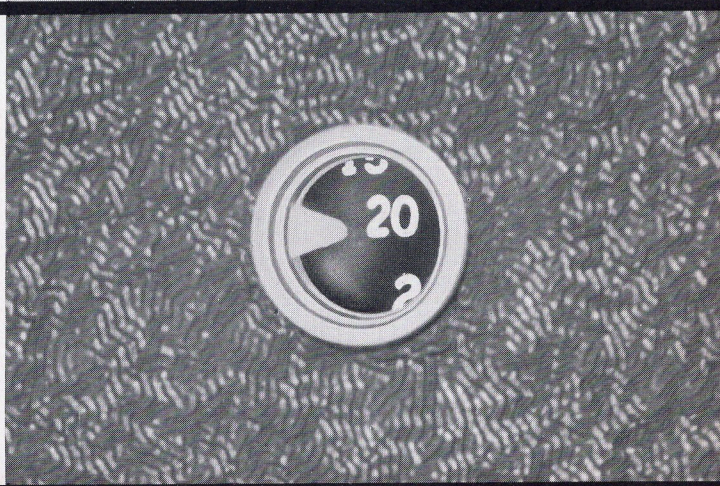

1 DIRECT-READING EXPOSURE METER locks into recess on top of camera, has double scale calibrated in *f* stops. Black numbered scale gives proper lens setting for film of exposure index ASA 16, red numbers are for ASA 10. When camera is sold without meter, a plate is provided to cover recess.

2 DIAL-SET WHEEL makes possible 13 lens openings from 2.3 to 16. Markings on wheel indicate estimated light conditions (cloudy, bright, etc.)

3 AUTOMATIC FOOTAGE INDICATOR is set automatically when camera is loaded.

CONSTRUCTION AND OPERATING FEATURES:

Extra-large optical ground glass viewfinder system.

Governor-controlled motor provides even, silent, friction-free running. Simple drop-in rollfilm loading. Three-way trigger permits regular, lock-run, and single frame shooting. Crank-type wind-up handle folds away into recess in body. Socket to fit tripod or light bar on underside. Wrist strap. Body is die-cast aluminum finished in two-tone brown.

All Keystone cameras are tested with live film at the factory and are backed by Keystone's Lifetime Guarantee and Free Service Policy.

Specifications are subject to change.
