Bel Air

8mm MAGAZINE CAMERA K-41

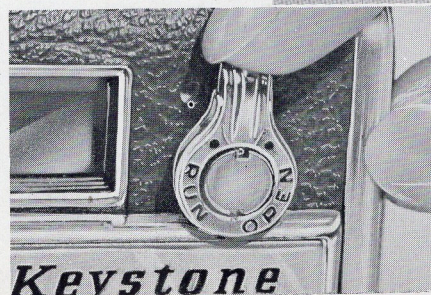

A LIGHTWEIGHT, HANDSOME CAMERA

that's remarkably easy to use. Just drop in magazine of film and you're ready to shoot! Small enough, light enough, to slip comfortably into a man's coat pocket or a lady's handbag.

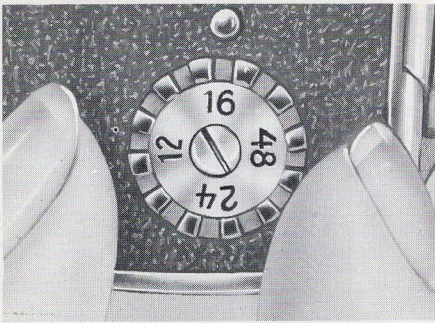

LOADS IN SECONDS

Full-view magazine chamber lets you slip film in and out. No fuss, no broken fingernails! No ejector needed, either.

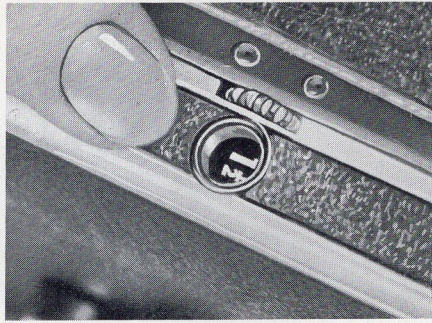

SAFETY LOCK

Magazine-pin must be positioned correctly before Bel Air cover will close — extra protection against ruined films.

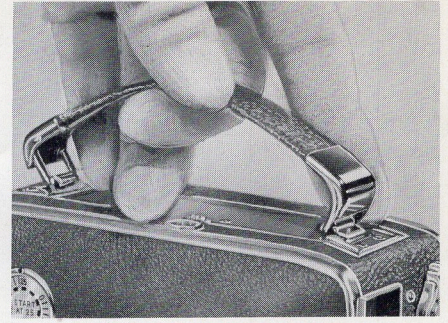

WIDE SPEED RANGE

Choose from 4 speeds—12, 16, 24, 48 frames per second—on handy dial next to trigger release. Use 12 frames per second on darker days; use 48 frames per second for slow motion or to stop fast action.

ZOOM-TYPE FINDER

Optical viewfinder gives full view of scene without reducing field of vision. Adapts instantly to accessory lenses including wide-angle and telephoto.

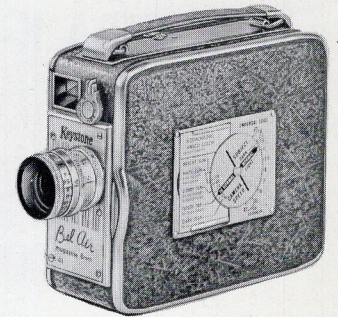

SPRING-TYPE HANDLE

This streamlined chrome finished handle is just one of the style features that makes Bel Air as handsome outside as it is efficient inside!

OTHER KEYSTONE BEL AIR FEATURES

- The compact Bel Air weighs just 27 ounces—easy to carry and operate.
- 3-way trigger is conveniently positioned. Takes one frame at a time for special effects. Runs continuously, by itself, to let you get into the picture.
- Covered in scuff-proof, weather-proof vinyl with chrome trim.
- Governor control insures smooth operation and accurate exposure speeds.
- Factory tested with "live" film and backed by Keystone's Lifetime Guarantee and Free Service Policy.
- Choice of f 2.5 coated fixed focus lens or f 1.9 lens in focusing mount, or f 1.9 fixed focus lens.
