

KEYSTONE K-106 COMMANDER AUTO-THREAD ZOOM MOVIE PROJECTOR

K-106

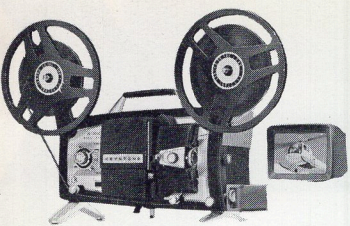

All-new, all-automatic. Compact, low-silhouette design. Every advanced feature including the exclusive Keystone Projecta-Viewer. $f1.2$ Zoom Lens is fastest ever offered by Keystone at this price!

what does it have?

- Projecta-Viewer
- Exceptionally Fast $f1.2$ Zoom Lens
- Auto-Threading
- DEF Ultra-Bright Super Tru-flector Lamp and Low Voltage Transformer
- Selectromatic Control
- Mylar Tape Splicer
- Handsome, Low-Silhouette Styling

what does it do?

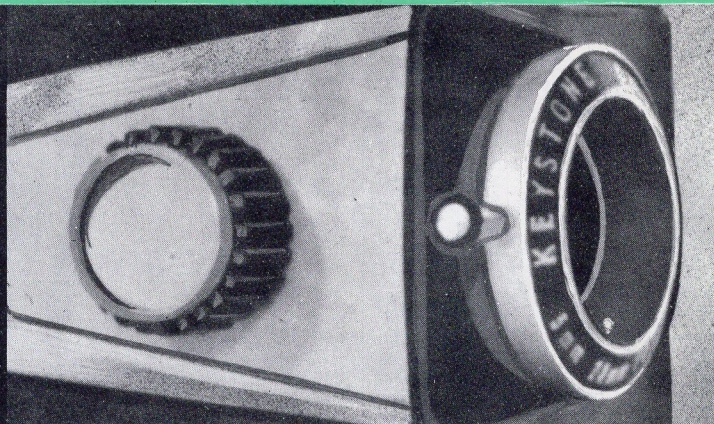

- Channels image — at reduced voltage to conserve life of lamp — onto big, bright editing screen for power editing or previewing. Film notcher marks unwanted frames. Viewer swings aside for full-screen projection.
- Gives needle-sharp image, corner-to-corner brilliance. Zooms picture to fit screen from 11 to 20 ft. Zooms in focus for close-ups.
- Threads film automatically through entire projection system in only 6 seconds.
- Generate more brilliance than 750-watt lamps, yet it's much cooler, lower in voltage.
- One knob controls everything: Forward, reverse, still, off and fast rewind. Rheostat speed control.
- For instant, permanent dry splices — without scraping, cement or clamps.
- Compact, durable die-cast aluminum body and cover. Fully geared reel arms assure rock-steady image.

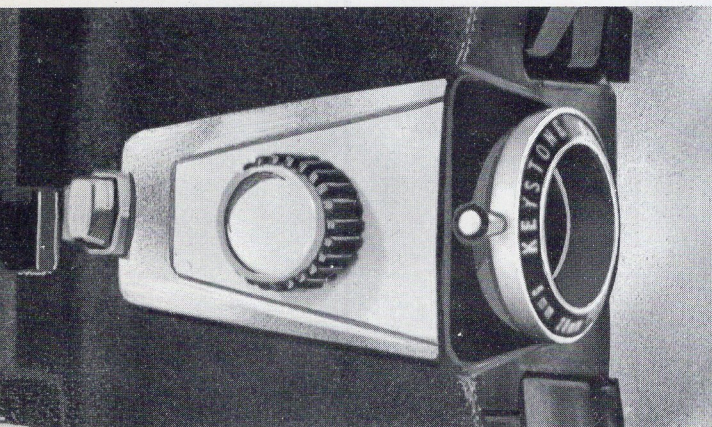

KEYSTONE K-106 COMMANDER AUTO-THREAD ZOOM MOVIE PROJECTOR

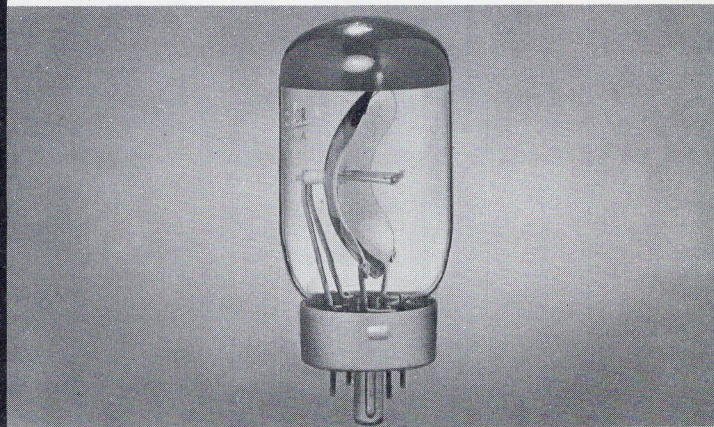

1 PROJECTA-VIEWER. Exclusive attachment for power editing or previewing. Single-knob control channels image at reduced voltage onto big, bright editing screen. Notcher marks unwanted frames. Swing viewer aside for full-screen projection.

2 ULTRA-FAST f1.2 ZOOM LENS. Fastest, sharpest lens ever offered by Keystone in this price range! Zooms picture to fit screen from 11 to 20 feet away. Zooms in focus for dramatic projection close-ups.

3 AUTO-THREADING. Film threads automatically through the entire projection system in only 6 seconds.

4 DICHOIC DEF ULTRA-BRIGHT SUPER REFLECTOR LAMP. New design concept gives more brilliance than 750-watt lamps . . . without the heat! Saves on electricity, too, because of its low voltage.
