MARKSMAN VIEWFINDER

DIRECT-VIEW FOCUSING

No other 16mm movie camera has this new feature . . . A built-in focusing viewfinder that automatically sets the lens for correct distance.

You focus your subject, set your turret, shoot your picture, and you've got it! . . . clear and sharp, just as you saw it. The smallest and smartest of all 16mm magazine turrets. Finest American cine lens.

operating features:

Quick Shift Turret

gives instant change from one lens to another. Deep seat and pin-lock mean perfect register every time automatically.

Easy Loading

full-hinged cover opens wide for full view loading. Snap door locks magazine and camera in position for instant use.

Film Magazine Ejector

pops out film magazine with the touch of a button.

New Type Safety Guard

special safety bar, exclusive with Keystone, rejects magazine when pin is not set accurately in camera, preventing film spoilage.

New Push-Button Trigger Release

permits regular run, continuous lock run (for self-movies), single frame exposure (for stop-motion animation) . . . all off one trigger.

Safety Stop Device

prevents camera from operating with cover open . . . insures against film spoilage.

Four Speeds

8, 16, 24, 64 frames per second. Use 8 to save film on landscape shots; 64 for true slow-motion.
