# Our Point of View

The Fatif DS

4x5 / 5x7 / 8x10 Monorail View Camera System

A complete modular design and construction system. Interchangeable formats, from 9x12, 4x5, 5x7 to 8x10.

Multitude of accessories, ranging from wide-angle bellows, long bellows, reducing backs, format changing adapters, compendium, reflex housings to adapter boards.

Unique double-tilt feature at base and optical axis of front and rear standards.

Sliding rise and fall. Rack and Pinion front and rear side shifts. Fully rotating vertical swings on both standards for compact folding and storage.
