Fold-Fan Ikoblitz Flash Unit

Moviscop Film Editor

All Zeiss Ikon products are made in West Germany
and are available only through Zeiss Ikon dealers.

CARL ZEISS, INC., 485 FIFTH AVENUE, NEW YORK 17

For complete listings and prices of the entire line of Zeiss Ikon cameras and
accessories, see Price Lists 62 (Contax) and 63 (other cameras).

Prices, specifications and technical data are subject to change without notice.

Ikophot Rapid **EXPOSURE METER**

The IKOPHOT RAPID exposure meter, of the latest photoelectric type, eliminates all calculations. It is unsurpassed in accuracy and unmatched in ease of operation.

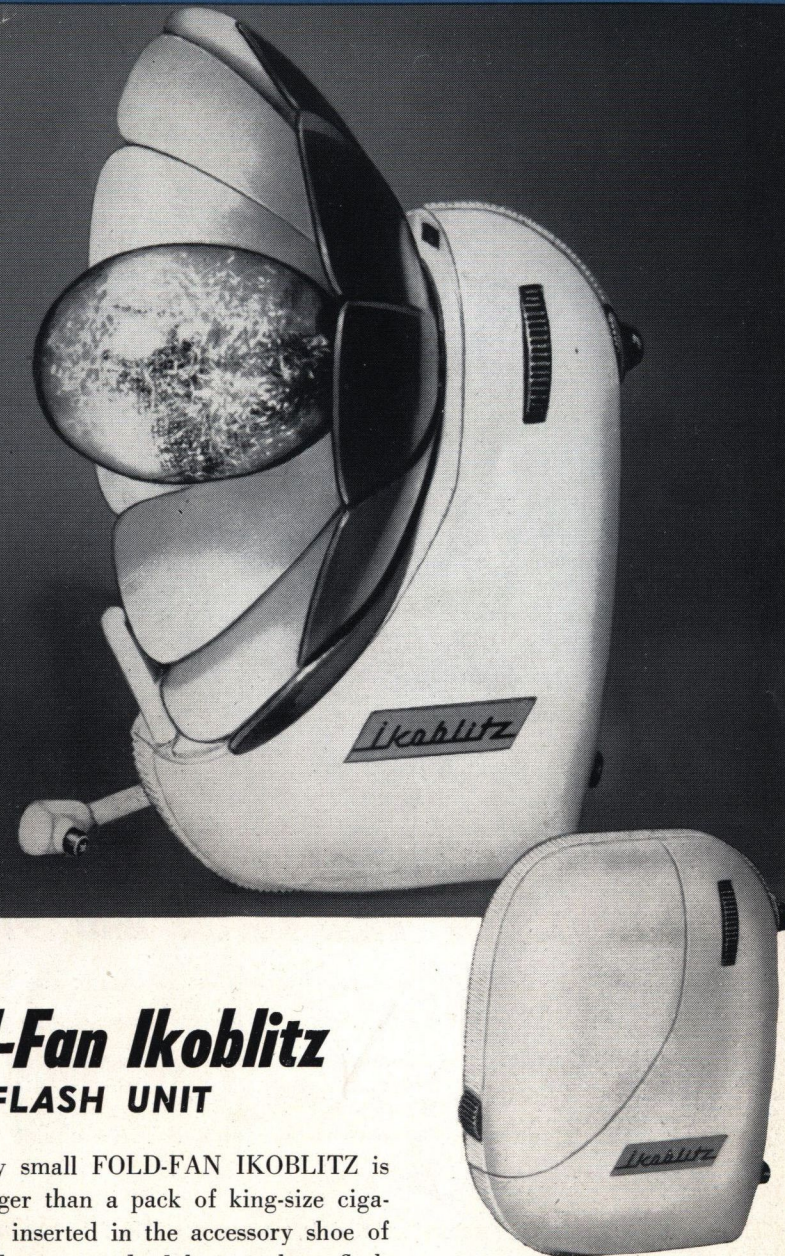

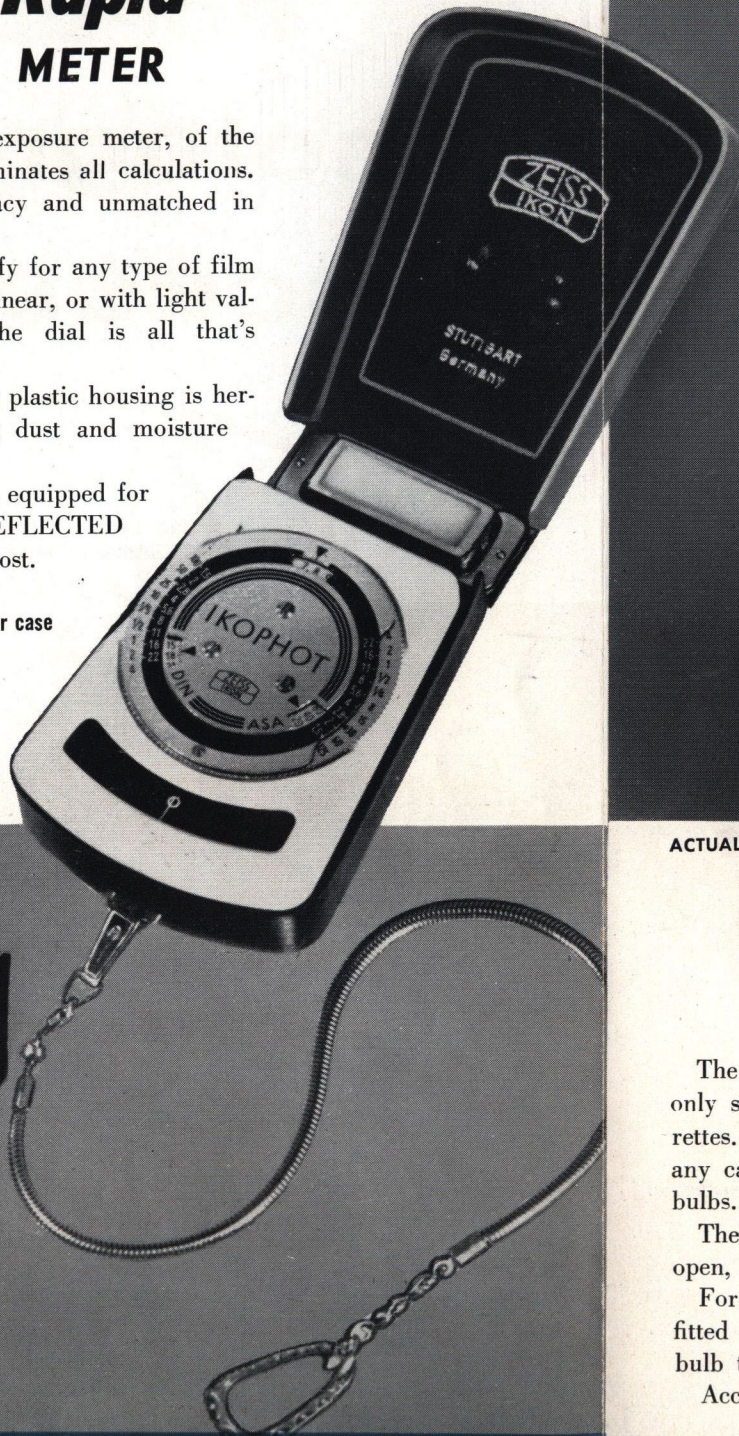

Provides readings in a jiffy for any type of film and shutter—conventional, linear, or with light values. A simple turn of the dial is all that's necessary.

Its smartly designed ivory plastic housing is hermetically sealed, preventing dust and moisture from reaching the interior.

The Ikophot Rapid comes equipped for INCIDENT as well as REFLECTED light readings at no extra cost.

PRICE, complete with genuine leather case and gold-plated safety chain, \$25

Easy, one-hand operation.

ACTUAL SIZE

Fold-Fan Ikoblitz **FLASH UNIT**

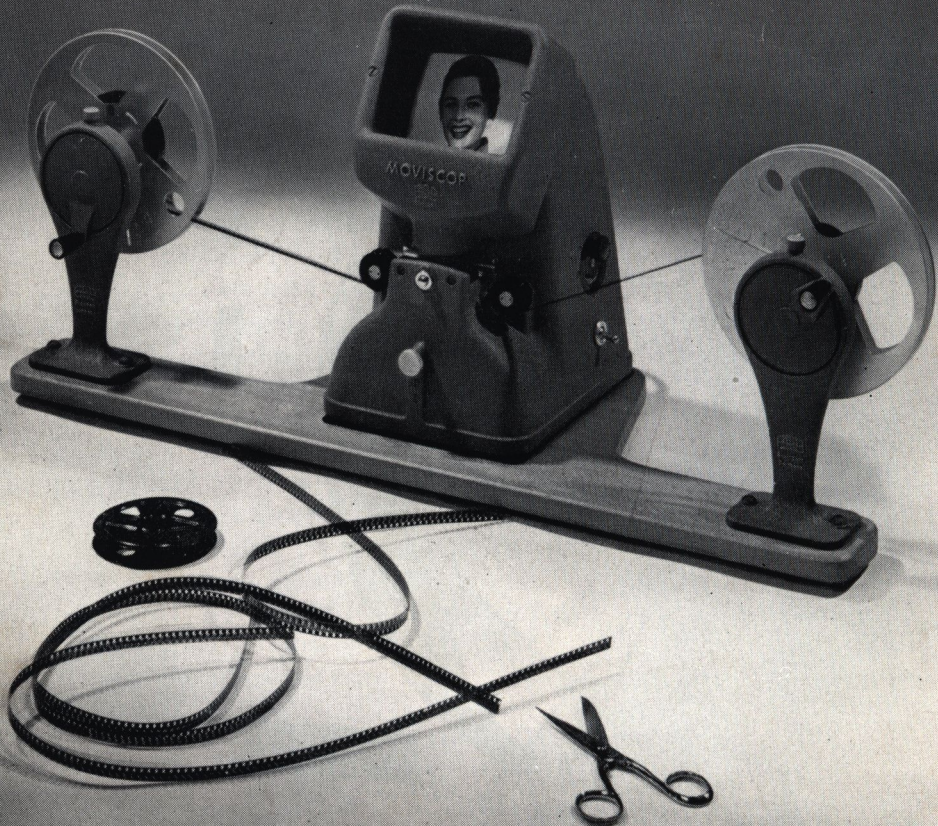

The amazingly small FOLD-FAN IKOBLITZ is only slightly larger than a pack of king-size cigarettes. It can be inserted in the accessory shoe of any camera, and uses standard bayonet-base flash bulbs.

The highly efficient metal reflector, when fanned open, measures only four inches in diameter.

For convenience in use, the Fold-Fan Ikoblitz is fitted with a right-angle PC slip-on connector and bulb tester.

Accommodates a standard 22½-volt battery.

PRICE, complete with clear plastic protective case, but without battery, \$9.95.

MOVISCOP Film Editor and Viewer

Due to its superior precision, and advanced design, the MOVISCOP FILM EDITOR AND VIEWER has become a favorite with professional motion-picture and television technicians. It provides a clearer, sharper and more brilliant image on its viewing screen.

Available for either 8mm or 16mm film, it is the choice of discriminating amateur movie enthusiasts.

PRICE, complete with baseboard and rewinds, for 8mm film, \$110. For 16mm film, \$114.
