DURST- KINDERMANN DARKROOM CENTER

With this eye-stopping display, EPOI offers a complete darkroom department in a single package. It provides the means for displaying the two most popular Durst enlargers—M-600 and M-300—and a wide variety of Kindermann accessories, even where space is limited.

The Durst-Kindermann merchandising display is specifically designed to stimulate customers' interest in darkroom work and to spark on-the-spot buying action. Easy to order and easy to maintain at full selling strength, it sets up every photo dealer for profitable, year-round darkroom sales.

Only 3 feet of floor space are required for the complete Durst-Kindermann Darkroom Center. The attractive display rack is furnished free with every order for the complete merchandise assortment listed on the reverse side of this sheet.
