2000 1st Half Millennium Professional Equipment Incentive Program Terms & Conditions

I. GENERAL POLICY

Canon's Professional Lens Incentive Program ("Program") is designed to help dealers promote Canon Professional Lenses. "Professional Lens Items" covered by the Program are listed in Attachment (the "Qualified Professional Lenses"). Dealers may be eligible to receive a bonus ("Bonus") equaling 1%~4% of their net purchases of the qualified Professional Lenses from Canon U.S.A., Inc. ("Canon") during the Program Period as defined in Section II below. To receive the Bonus, all terms and conditions of the Program must be satisfied throughout the Program Period. **THE PROGRAM DOES NOT AFFECT DEALERS' INDEPENDENT PRICING DECISIONS. DEALERS MAY FREELY SELL CANON PRODUCTS AT ANY PRICE.**

II. PROGRAM PERIOD AND ENROLLMENT PROCEDURES

January 1, 2000 through June 30, 2000 ("Program Period"). The Program is open to all Canon Authorized Camera Dealers. Please fill out the Enrollment Form and fax or mail to Canon U.S.A., Inc. Headquarters, or contact your Canon Sales Rep. by March 31, 2000. If you have previously enrolled in this program, it is not necessary to send in an Enrollment Form. If you choose not to participate in the 2000 Program (1st Half), please notify us.

III. BONUS REIMBURSEMENT

Bonus will be issued to dealers by the end of June, 2000 on condition that Canon confirms that the dealer has satisfied all terms and conditions of the Program during the entire Program Period. Bonus will be issued in the form of credits. Dealers are expected to fully utilize the Bonus to expand their Canon pro business. Canon reserves the right to charge-back the dealer's account in the event of overpayment or determination that the dealer failed to fully satisfy the terms and conditions of the Program.

IV. TERMS AND CONDITIONS

1. Minimum Purchase Requirement: During the Program Period, dealers must purchase a minimum of \$5,000.00 worth of qualified Professional Lenses.

Levels: Over \$120,000	4% Bonus Credit
From \$ 50,000 to \$ 119,999	3% Bonus Credit
From \$ 20,000 to \$ 49,999	2% Bonus Credit
From \$ 5,000 to \$ 19,999	1% Bonus Credit

A. Display Space: Prominent display space must be allocated to facilitate the demonstration of the qualified Professional Lenses.

2. Minimum Advertised Price ("MAP"): To qualify for the Bonus, advertised prices must be MAP or higher, except for approved advertisements listing no price (see paragraph 3). The MAP schedule is attached and is part of the Program. "Call", "Call for Price" or any variation of "Call" pricing does not qualify for the Bonus. If, during the Program Period, a dealer advertises any of the Qualified Professional Lenses below the MAP or in a deceptive or misleading way, the dealer will not receive any Bonus payment for that Program Period and the dealer will no longer be deemed a participant in the Program for that Period.

- If the dealer wishes to feature qualified Pro Lenses in an advertisement without listing price, the dealer must get specific written approval in advance from the Canon Camera Regional Sales Manager. If approved, Canon will provide an ad-slick for dealers that want to run an ad which does not contain price.
- MAP applies to all advertising media, including but not limited to newspapers, magazines, flyers, direct mail, television and radio commercials. MAP applies to national and local advertising. (Please note: The Program applies to some media and forms of advertising (e.g. national advertising) for which co-op advertising credit may not be available.)
- Advertisements must not be unfair or deceptive.
- Dealers must comply with the terms and conditions of their written retail dealer agreements and these terms and conditions to qualify for the Bonus. Transshipping to affiliated or unaffiliated resellers, whether or not the reseller is an authorized Canon dealer, is a violation of the dealer agreement and is prohibited under the Program.

V. OTHER FEATURES OF THE PROGRAM

- Dealers do not have to participate in the Program to purchase the qualified Professional Lenses.
- The terms and conditions of Canon USA's Co-op advertising program are not affected by the Program and remain in full force and effect. (Please note: Some advertisements that qualify for co-op advertising reimbursement may not comply with the Program and may prevent a dealer from qualifying for the Bonus payment. Consult your Canon Regional Sales Manager if you have any questions.)
- Purchase amount is net purchase of invoice. This Program does not apply to close-outs or specials. All returns of the qualified Professional Lenses will be adjusted. This Program does not apply to credit hold and back-ordered items.
- Rebates, discounts, free merchandise and the value of other advertised allowances and promotions will be deducted from the dealer's advertised price to determine the dealer's compliance with MAP requirements.
- Canon reserves the right to change or cancel the Program at any time & for any reason upon notice. The Program can not be modified or amended verbally. Any and all changes to the program must be in writing signed by an authorized officer of Canon.
- The Bonus is redeemable only by the dealer whose name appears on the enrollment form. The Bonus is not transferable or assignable.
- THE PROGRAM DOES NOT AFFECT THE RETAIL PRICES ACTUALLY CHARGED BY ANY AUTHORIZED CANON CAMERA DEALER.** Dealers are free to discontinue their participation in the Program at any time and advertise at any price they choose, but dealers will not receive any Bonus payments unless they comply with all terms and conditions of the Program during the entire Program Period. There will be no "pro rata" Bonus payments for dealers that comply with the Program only for a portion of the Program Period.
- Other Promotions: Contact your Canon Sales Rep. to discuss promotional activities appropriate for your dealership. Suggested promotions include seminars, in-store demonstrations, advertising that qualifies under the Program, etc.

2000 1st Half Image Stabilizer (IS) Binoculars Incentive Program Terms & Conditions

I. GENERAL POLICY

Canon's Image Stabilizer (IS) Binoculars Incentive Program ("Program") is designed to help dealers promote Canon IS Binoculars.

Dealers may receive a bonus ("Bonus") equaling 8% of their net purchases of IS Binoculars from Canon U.S.A., Inc. ("Canon") during the Program Period as defined below.

To receive the Bonus, all terms and conditions must be satisfied throughout the Program Period.

THE PROGRAM DOES NOT AFFECT DEALER'S INDEPENDENT PRICING DECISIONS. DEALER MAY FREELY SELL CANON BINOCULARS AT ANY PRICE.

II. PROGRAM PERIOD

January 1, 2000 through June 30, 2000 ("Program Period")

The Program is open to all Canon Authorized Camera Dealers. To participate in the Program, fill out the enrollment form and submit it by fax or mail by March 31, 2000. If you have previously enrolled in this program, it is not necessary to send in an Enrollment Form. If you choose not to participate in the 2000 Program (1st Half), please notify us.

III. BONUS REIMBURSEMENT

Bonus will be issued to dealers by the end of June, 2000 on the condition that Canon confirms that the dealer has satisfied all terms and conditions of the Program during the entire Program Period. Bonus will be issued in the form of credits. Dealers are expected to fully utilize the Bonus to expand their Canon IS Binocular business. Canon reserves the right to charge-back the dealer's account in the event of overpayment or determination that the dealer failed to fully satisfy the terms and conditions of the Program.

IV. TERMS AND CONDITIONS

1. **Minimum Purchase Requirement:** During the Program Period, dealers must purchase \$2,000.00 of Image Stabilizer Binoculars.
2. **Promotional Requirement: [A] Display Space:** Prominent display space must be allocated to facilitate the demonstration of the IS Binoculars.
3. **Minimum Advertised Price ("MAP"):** To qualify for the Bonus, advertised prices must be MAP or higher, except for approved advertisements listing no price (see paragraph 4). The MAP schedule is attached and is part of the Program. "Call", "Call For Price" or any variation of "Call" pricing does not qualify for the Bonus. If, during the Program Period, a dealer advertises any of the IS Binoculars below the MAP or in a deceptive or misleading way, the dealer will not receive any Bonus payment for that Program Period and the dealer will no longer be deemed a participant for that Period.
4. If the dealer wishes to feature the IS Binoculars in an advertisement without listing price, the dealer must get specific written approval in advance from the Canon Camera Regional Sales Manager. Canon will provide an ad-slick for

dealers that want to run an ad which does not contain price.

5. MAP applies to all advertising media, including but not limited to newspapers, magazines, flyers, direct mail, television and radio commercials. MAP applies to national and local advertising. (Please note: The Program applies to some media and forms of advertising (e.g. national advertising) for which co-op advertising credit may not be available.)
6. Advertisements must not be unfair or deceptive.
7. Dealers must comply with the terms and conditions of their written retail dealer agreements and these terms and conditions to qualify for the Bonus. Transshipping to affiliated or unaffiliated resellers, whether or not the reseller is an authorized Canon dealer, is a violation of the dealer agreement and is prohibited under the Program.

V. OTHER FEATURES OF THE PROGRAM

1. Dealers do not have to participate in the Program to purchase the IS Binoculars.
2. The terms and conditions of Canon USA's Co-op advertising program are not affected by the Program and remain in full force and effect. (Please note: Some advertisements that qualify for Co-op advertising reimbursement may not comply with the Program and may prevent a dealer from qualifying for the Bonus payment. Consult your Canon Regional Sales Manager if you have any questions.)
3. Purchase amount is net purchase of invoice. This Program does not apply to close-outs or specials. All returns of the IS Binoculars will be adjusted. This Program does not apply to credit hold and back-ordered items.
4. Rebates, discounts, free merchandise and the value of other advertised allowances and promotions will be deducted from the dealer's advertised price to determine the dealer's compliance with MAP requirements.
5. Canon reserves the right to change or cancel the Program at any time & for any reason upon notice. The Program can not be modified or amended verbally. Any and all changes to the program must be in writing signed by an authorized officer of Canon.
6. The Bonus is redeemable only by the dealer whose name appears on the enrollment form. The Bonus is not transferable or assignable.
7. **THE PROGRAM DOES NOT AFFECT THE RETAIL PRICES ACTUALLY CHARGED BY ANY AUTHORIZED CANON CAMERA DEALER.** Dealers are free to discontinue their participation in the Program at any time and advertise at any price they choose, but dealers will not receive any Bonus payments unless they comply with all terms and conditions of the Program during the entire Program Period. There will be no "pro rata" Bonus payments for dealers that comply with the Program only for a portion of the Program Period.
8. **Other Promotions:** Contact your Canon Sales Rep. to discuss promotional activities appropriate for your dealership. Suggested promotions include seminars, in-store demonstrations, advertising that qualifies under the Program, etc.
