

CONTAX

60 Years

Limited Edition

*Honoring Six Decades of Unrivalled
CONTAX Excellence in
Capturing Photographic Images*

Only 6,000 cameras of the ultimate in elegance, the CONTAX T2 60 Years Limited Edition, are being produced for worldwide sales (4,000 outside Japan). — Sure to be considered a collector's item for CONTAX enthusiasts all around the globe.

Few names in the history of photography conjure up such an immediate image of mechanical and optical excellence as CONTAX, and the CONTAX T2 continues that tradition. To commemorate the sixth decade since the birth of the CONTAX name, the deluxe CONTAX 60 Years Limited Edition camera was created. A unique combination of beauty and tradition, it is both a superb working tool for creating the finest photographic images and a highly prized showpiece. For those who have a desire to own only the best that CONTAX can offer, we present a rare gem, the CONTAX 60 Years Limited Edition, which features:

- Carl Zeiss T* Sonnar 38mm f/2.8 lens for superbly high, natural image reproduction; retractable for compact carrying ease
- Each camera serially numbered (engraved)
- Luxuriously accented with technologically advanced Gold Ion Plated (95% purity) top and bottom covers
- Auto/manual focusing selectability for unlimited creative expression
- Aperture-priority program AE plus built-in exposure compensation for interpretive handling of the subject's lighting
- Titanium body to provide extra protection for the internal precision mechanisms including the innovative, very accurate fine ceramic film pressure plate (free from aging and deterioration), as well as to maintain the special elegant looks
- Extra-clear image, scratch proof sapphire glass finder
- Superbly compact (33mm thin), lightweight design

CONTAX T2 60 Years Limited Edition

Furnished with a stylish, genuine leather case in a lush, solid walnut presentation case

CONTAX T2

CONTAX T2 Specifications

Type: 35mm lens shutter compact camera
Lens: Carl Zeiss T* Sonnar 38mm f/2.8 (5-elements in 4-groups)
 Aperture: f/2.8 ~ 16
 Focusing distance: 0.7m (2.3 ft.) ~ ∞ (infinity)
Shutter: Aperture-priority program AE electronic shutter
 Speed: 1 sec. ~ 1/500 sec. (in program AE mode)
 Release: Electronic
 Self-timer: Electronic, 10 sec. delay, cancellable halfway
Exposure control: Aperture-priority program AE
 Metering range (ISO 100): EV3 ~ EV17
 Metering: External light metering system by SPD cell
 Exposure compensation: ±2EV (in 0.5EV increments)
 Film speed coupling range: Auto setting from ISO 25 ~ 5000; with non-DX films, speed is automatically set to ISO 100

Focus adjustment: Auto/manual focusing (switchable), each with focus dial
 Distance metering: Infrared active system
Finder: Inverted Galilean; Bright frame, illuminated window
 Magnification and field of view: 0.6X, 85% (at infinity)
 Information: Picture area frame (with parallax correction marks); Focus frame; Shutter speeds; Focus indicator; Flash ready; Self-timer indication; Exposure compensation indication; Program indication
Flash: Built-in; Flashmatic control (Pre-flash function incorporated to minimize red-eye effect)
 Flash distance: 0.7m ~ 3m (2.3 ~ 9.8 ft.) (ISO 100)
 Recycling time: Approx. 3.5 secs. (with a new battery)
Film loading/winding:
 Loading: Automatic (wound to first frame)
 Winding: Auto by a built-in motor

Rewinding: Auto by a built-in motor (Auto return, Auto stop); rewind prior to roll completion possible
 Counter: LCD; Automatic resetting, additive type
Power requirement: One 3V lithium battery (CR123A); a new one provides power for up to about 25 rolls of 24-exposures with flash used 50% of the time (at normal temp., according to Kyocera's test standards)
Dimensions: 119(W) × 66(H) × 33(D) mm (4-11/16 × 2-5/8 × 1-5/16 in.)
Weight: 295g (10.4 oz.) (w/o battery)

*Specifications and design are subject to change without notice.
