

GOSSEN®

GKL 300 Cold Light Source

Key Features

- Three precision fiber optics bundles for exact light placement.
- Extremely high light output.
- Infrared filtration for cold light that is safe for heat sensitive objects.
- Continuously variable adjustment of light output by a solid-state dimmer for subtle level changes.
- Armored fiber optics bundles for protection and ease of positioning.
- Automatic variable speed fan for cool operation and long lamp life.
- Low voltage Quartz Halogen lamp.
- Optional GKL 300 Lighting Control Kit (Cat. No. 130-312) available with condensing lenses and filters.

Technical Specifications

Lamp 12 volt, 100 watt Quartz Halogen
with Integral Reflector: Type EFP

Fiber Optics Bundles

Length 20"
Outer Diameter 0.3"
Active Diameter 0.15"

Dimensions 6½"x5¼"x8½"

Weight 7.5 lbs.

Power 120 VAC

Fuse 2 Amp.

Applications

- Macro photography of small products, stamps, jewelry, precision mechanical or electronic parts.
- Cinematography in extreme close-ups.
- Photomicrography
- Illuminating heat sensitive objects or flat copy.
- Illuminating biological specimens and microorganisms.
- Medical and Dental Applications.
- Spot illumination for fill-in modeling light.
- Controllable light source for servicing precision equipment.
- Colored light effects.
- Polarization techniques.

GOSSEN®

9 Volt Battery Charger/ 9 Volt Battery

Key Features

- Rechargeable — needs only a simple overnight charge.
- Eliminate the worry of running out of batteries.
- Save money on batteries.
- Long lifespan and low self-discharge rate.
- Nicads have more continuous voltage during the operating cycle.
- Better performance with light meters than other rechargeables.

Technical Specifications

Charger

Nominal Input 120V, 60Hz

Output 10.1VDC, 10ma

Weight 3½ oz. (99.2g)

Dimensions 1 5/8" x 1 1/2" x 1 1/2"
(41.3mm x 38mm x 38mm)

Battery

Operating Voltage 9.0V

Capacity (Approx.) 90mah

Charging Current 9ma

Weight 1 1/2 oz. (44.6g)

Dimensions 1" x 5/8" x 1 15/16"
(26.5mm x 15.5mm x 49mm)

Applications

- Light Meters
- Transistor Radios
- Pocket Calculators
- Small Appliances
- Toys
- Can be used with any item requiring a 9 volt battery.
