

## OMEGA VIEW/ TOYO

### View Camera Focusing Aid

The Omega View Camera Focusing Aid is a precise magnifying optical instrument especially designed for use by photographers, engravers, hobbyists or any individuals requiring an aid for critical viewing and focusing.

### Key Features

- Rubber eyecup protects eyeglasses and eliminates need of darkcloth while focusing
- Rubber base prevents scratching of ground glass.
- Internal anti-reflection coating improves image brightness.
- Distortion free design
- Unique design permits closer viewing of corners of ground glass.
- Supplied with neck strap.
