## PRECISION NU-LINE TRIPODS

TO MATCH YOUR PRECISION CAMERA!

**EXTREMELY STURDY!**  
**EXTREMELY LIGHTWEIGHT!**  
**EXTREMELY COMPACT!**

*Linhof Nu-Line Tripods owe their excellent design, superior construction and exclusive features to Linhof's more than 80 years experience in the manufacture of fine large-format cameras and accessories for the professional, industrial and amateur photographer.*

*Choose the Nu-Line Tripod that best suits your needs. Whichever, you'll enjoy the ultimate pleasure of still and motion picture photography. Your fine camera on a Linhof Nu-Line tripod will take better pictures.*

**NU-LINE TRIPODS** meet the specific needs of professional photographers and advanced amateurs. They are complete with adjustable centerposts and "level control" panheads for utmost speed and convenience in correct positioning of the camera. All models include these top-quality features:

**LEVEL CONTROL PANHEADS**—Panheads are equipped with built-in spirit level for exact positioning of camera to avoid distortions with wide-angle lenses, and for perfect "panning" with movie cameras. Panning and tilting movements, with calibrated scales, operate evenly and smoothly for finest pictorial results, through 360° pan, 90° tilt.

**HYDRONALIUM ALLOY**—Leg sections are made of sturdy, corrosion-resistant Hydronalium, proven in hundreds of thousands of Linhof Precision Tripods. Each section is ground, polished and anodized to a smooth finish which keeps hands and clothing free from smudges. Hydronalium alloy combines lasting sturdiness with surprisingly light weight.

**INSTANT LEG CLAMPS**—Leg sections are continuously adjustable and lock smoothly and firmly at any extension, with patented instant-action clamps.

**CONVERTIBLE LEG TIPS**—Leg tips convert quickly from metal spikes to rounded pads to assure a firm, stable footing on smooth or rough surfaces.

**NYLON COLLAR ELEVATION LOCKS**—Centerposts adjust easily in large nylon collar which holds post tightly at any desired elevation for maximum steadiness.

## PRECISION NU-LINE TRIPODS

Exclusive—  
Self-Leveling  
Centerpost

NU-LINE Model I

NU-LINE Model III

NU-LINE Model II

**EXTREMELY STURDY!**  
NU-LINE Tripods are typically Linhof-engineered for rock-steadiness with smooth, fast-handling action.

**EXTREMELY LIGHTWEIGHT!**  
NU-LINE Tripods are built of premium quality Hydronalium alloy for maximum strength with minimum weight.

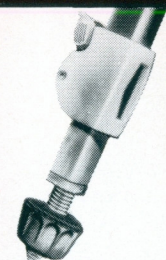

**EXTREMELY COMPACT!**  
NU-LINE Tripods fold down compactly—including the panhead handle!

**NU-LINE MODEL I**—For cameras up to  $2\frac{1}{4} \times 3\frac{3}{4}$ , and 8mm movie cameras. Exclusive self-leveling centerpost with universal joint eliminates most individual leg adjustments, gives quick leveling on uneven ground. Elevation adjustment from 21" to 5 ft. 6". Head pans 360°, tilts 90°. Weight: 3 $\frac{3}{4}$  lbs. 21 $\frac{1}{2}$ " folded.

**NU-LINE MODEL II**—For still cameras to 4 x 5, and 16mm movie cameras. Adjustable centerpost. Elevation adjustment from 25 $\frac{1}{2}$ " to 5 ft. 2". Self-opening radial struts add extra stability to leg sections. Swivel pan handle locks in any position. Head pans 360°, tilts 90°. Weight: 5 $\frac{1}{2}$  lbs. 27" folded.

**NU-LINE MODEL III**—For still cameras up to Super Technika 5 x 7, and all movie cameras. Large-diameter centerpost. Elevation adjustment from 33 $\frac{1}{2}$ " to 6 $\frac{1}{2}$  ft. Self-opening radial struts brace tapering leg sections for extreme stability with heavy equipment; one strut unlocks for level positioning on slopes or steps. Swivel pan handle locks in any position. Head pans 360°, tilts 90°. Weight: 8 $\frac{3}{4}$  lbs. 35 $\frac{1}{4}$ " folded.

**CARRYING CASES** available for all NU-LINE Linhof Tripods. Finest quality water-proofed duck. Leather handles and adjustable shoulder straps.

Smooth-locking leg clamps permit swift, solid setup. Convertible tips for any surface.

Panhead handle swings down to fit neatly into closed tripod for easy carrying or storage.

Level control Panheads have built-in spirit level for camera positioning.
